About Me

I am a designer driven by a deep passion for creativity and media design with expertise in graphic design, video editing, and cross platform design.

I have experience leading media design projects in the Israeli Air Force.

I am eager to continue my professional journey, contributing my expertise and creativity to new challenges in the field of media design.

Experience

- Concept & Creative Designer**
2024-present | Freelancer
 - Created visual content for digital platforms.
 - Edited videos for various clients.
- Lead Technical Support Representative**
2024-present | Calanit
 - Providing advanced technical support and customer care solutions for a wide range of clients.
 - Responsible for troubleshooting, guiding users through technological processes, and ensuring a smooth customer experience.
